To Our Guests

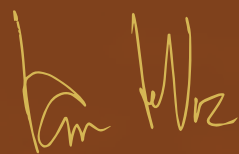

Welcome to our Fourth Annual Orlando Wine Festival and Auction benefiting the Orlando Magic Youth Foundation (OMYF). The OMYF is committed to helping children in Central Florida realize their full potential, especially those most at-risk, by supporting nonprofit organizations offering youth-based programs in the areas of education, health and wellness, homelessness, and the arts.

We are thankful for the continued generous support from the many chefs, wineries and donors who have contributed to the success of this event since its inception in 2019. Thanks to the generosity from individuals like you, we have distributed over \$1 million annually to very deserving local nonprofits to impact at-risk youth in our community. Over the last 34 years, the OMYF has distributed more than \$29 million, positively impacting more than two million Central Florida children.

A special thank you to our featured vintner, Jim and Kelley Bailey from Knights Bridge Winery, who have been extremely generous donors and supporters since our inaugural event. We are also delighted to feature Chef Malyna Si from Michelin-starred Capa Steakhouse. We are grateful for our vintner dinner hosts who have graciously opened their homes to support the event, and to our many auction donors for their commitment of one-of-a-kind auction experiences that benefit OMYF. Every dollar raised stays right here in our community, to impact at-risk children in need.

We encourage you to bid high and bid often in our live and e-auctions to help us again distribute over \$1 million to those most in need. Your generosity helps us continue to empower families, change lives and support programs that provide our local youth hope for the future.

On behalf of the DeVos family, the Orlando Magic players, coaches and staff, thank you for your support. **Cheers!**

KNIGHTS BRIDGE WINERY

As co-owners of the beautiful Knights Bridge Winery in Sonoma County, California, Kelley and Jim Bailey share a commitment to excellence and to giving back. Together, they work tirelessly to generously support a wide range of philanthropic endeavors through their foundation. Jim has had a diverse career, from investment and financial advisor, to environmental entrepreneur, to vintner, and with more than three decades of wine industry experience, Kelley brings exceptional vision and expertise to help shape the future of Knights Bridge Winery.

In early 2020, Kelley and Jim embarked on a long-awaited project to build a winery on the estate where they are now making wine and welcoming visitors. The winery, designed by world-renowned architect Howard Backen and envisioned by Jim, is the second-ever built in Knights Valley and is the culmination of nearly a decade of thoughtful planning.

Knights Bridge is built on the belief that a healthy vineyard is the foundation of superior wines and the vineyard is carefully tended using low-impact, sustainable practices. In 2011, the vineyard was recognized for its commitment to sustainable farming practices and was certified by the California Sustainable Winery Alliance. In recent years, the vineyard has been farmed organically and will be certified by CCOF with the 2023 vintage.

Featured Chef

CHEF MALYNA SI

CAPA STEAKHOUSE

Chef Malyna Si brings her passion for art into her cooking. Self-taught, refining her skills under the guidance and expertise of acclaimed chefs throughout her career, Si was originally in school to be a glass sculptor. While in art school, she began working in restaurants, and discovered her true calling was ultimately to be a chef.

Si worked her way up to a cook position, advancing in roles at various restaurants across Florida. At The Breakers resort in Palm Beach, Si worked in the banquets division; it was there that she found her passion for working for luxury-positioned resorts. After two years behind the grill at Capa, she was promoted to Chef De Partie, and was promoted to Sous Chef. In 2022, she was promoted to Restaurant Chef and is the only female chef helming a Michelin star restaurant in Central Florida. Si loves the creativity behind the menu at Capa. She also appreciates the variety of cooking methods used to ensure the perfect flavour.

Si is seemingly always cooking; even in her downtime, she has a hobby of crafting miniature foods. While food miniatures are often made of clay, Si takes pride in her creations being 100% edible. "The other chefs know about this, and if they find a mini tomato, grape or strawberry, they save them for me!" says Si, who has truly found a hobby that enables her to combine her love of art and food in one interesting, creative format.
